

Me Time

Dangling soul, floating free and light
My inner child, it smiled.
Mindful, carefree, time just for my own
I slow down I slow down.

Me Time
In my life, I shine
I slow down, I slow down

Open space, love, create, celebrate
Abundance, no decadence
Creative growth, I feel I'm on the mend
Benevolent, my own best friend

Me Time
In my life, I shine
I rise up, I rise up!

To care for you, to share with you
my days - no more delays!
I hold you tight - let us shine bright
I take your hand - to wonderland!

We Time
In our life, we shine
We rise up, we rise up!

We Time
In our life, we shine
We rise up, we rise up!

We Time
In our life, we shine
We slow down. We slow down.
